Thank You For Using The Home Delivery Pharmacy Service

This service provides you with a safe, convenient, and cost-effective way to obtain up to a 90-day supply of medication you take routinely, such as medication to treat high blood pressure, asthma, diabetes, or other conditions. Complete this order form and enclose your refill slip (or a doctor's signed prescription for up to a 90-day supply if this is a new order) and co-payment in an envelope. If this is your first home delivery order for a medication, also complete the Health, Allergy & Medication Questionnaire and mail it with your order.

What if I need medication immediately? If you need a prescription right away, and you plan to continue taking it on a routine basis, ask your doctor for two prescriptions. Have one prescription written to be filled right away at your local participating pharmacy, and the other written for up to a 90-day supply to be mailed with this order form.

Is it safe to order medication through the mail? Yes. Every prescription is double checked for accuracy before it is shipped. Your medication is packaged in a container that travels safely. However, the outside of your package is not marked as containing medication so that no one will know what you are receiving.

Please take a minute to make sure...

- **You have included your doctor's signed prescription form and filled out the patient information on the front of the order form for each new prescription.**
- **You have either filled out the credit card section on the front of this order form or included a check or money order for the required co-payment.**
- **You have written your member ID on any check or money order.**
- **You have filled out the Health, Allergy, and Medication Questionnaire. This information will help Medco Health better serve your prescription drug needs.**

Expedited shipping available

For an additional fee, your order will be shipped by an expedited service offered to your area. This option must be chosen when you make the order, and cannot be applied after an order is already processed.

To all Medicare beneficiaries whose private health plan has elected to be billed primary for Medicare Part B covered drugs:

By choosing to use Medco's mail-order pharmacy to fill your prescription, you are choosing to use the prescription drug coverage provided by your group health plan. Medco will process your prescription under your group health plan coverage, independent of the Medicare program, and no claim will be submitted to Medicare. If you believe that Medicare may also provide coverage and would like Medicare to pay for your prescription, you should go to a Medicare-participating pharmacy in your area. For a list of convenient Medicare-participating pharmacies, please call your local Medicare carrier or 1 800 MEDICARE. If you have any questions about the difference in coverage between your group health plan coverage and Medicare, please call 1 800 948-8779.

Additional Instructions

If you elect to have this and all future orders automatically charged to your credit card by checking the box on the front or enrolling by phone, bear in mind that the automated payment plan feature will apply to all Home Delivery Pharmacy Service orders. Also note that we can only keep one credit card on record.

You may have a balance limit on your plan account. If you do, once your unpaid balance exceeds that limit, no additional orders will be processed until the balance is paid.

You can call 1 800 948-8779 anytime to enroll in our automated payment plan, change the credit card on file, check your account balance, or pay by phone using a credit card.
